

STUDENT RESEARCH FUNDING OPPORTUNITY AT LACAWAC SANCTUARY

Watres Research Fellow Awards for Undergraduate Research

**AWARDS SUPPORT UNDERGRADUATE STUDENTS WHOSE RESEARCH
INCORPORATES THE NATURAL RESOURCES OF LACAWAC SANCTUARY**

Lacawac Sanctuary Biological Field Station is a site for field-based ecological and environmental science research located in the Pocono region of Northeastern Pennsylvania. Habitats and resources available at Lacawac include:

- Lake Lacawac, a pristine glacial lake within a protected watershed
- Permanent and seasonal ponds, ephemeral streams, and vernal pools
- Northern boreal bog habitat
- Experimental deer enclosure areas
- Mixed hardwood and hemlock eastern temperate forests
- Long-term lake monitoring and weather station data
- Analytical laboratory
- 3-season lodging

Visit our [website](#) for more information and to apply. Applications are accepted on a rolling cycle. **Review of 2023 applications will begin on May 1st, 2023.** Questions should be directed to Beth Norman, Director of Science and Research (beth.norman@lacawac.org, 570-689-9494).
