Choose from images already uploaded, Upload your own or Link to Images online. Create Galleries from uploaded images.
When inserting an image, choose the setting on the right to adjust alignment and size. Choose size—'large' or 'full' and alignment 'none' for most comic images. Adjust accordingly if image doesn't display well.

Create a Gallery:
1) Upload all images
2) Select images
3) Click Create Gallery in upper left corner
4) Verify images selected at bottom are correct
5) Click "Create New Gallery"
When Finished:
1) Select correct Category
2) Add any tags
3) Save Draft to continue work later
4) Preview/Publish Comic
5) Verify Published Comics displays properly

After publishing, you will see this notification. Click to verify post is correct.
