

Policy Management (PMGT) Advising Form

Policy Management (PMGT) majors develop and learn to apply complex problem solving skills across a wide variety of institutional contexts (in the public sector, private, and non-profit sectors and in international settings). PMGT majors also take an ethics elective and an internship which must be approved by the student's PMGT advisor. Use the color-coded advising sheet below to follow the advised course of study in the major.

Note: This is only a suggested "course flow" strategy. Your pace and timing may be somewhat different, depending both on when the decision to declare the major is made, and what other academic goals (e.g., study abroad; Washington semester) you are pursuing.

Freshman year
 Sophomore year
 Junior year
 Senior year
