

Student Opportunities with Citizens' Climate Lobby

Citizens' Climate Lobby

Are you eager to act on climate change? At Citizens' Climate Lobby, we empower people to make their voices heard to build political will for climate solutions.

We know how much is at stake and we want to help you succeed as a climate advocate with our college programs.

Enroll in the Climate Advocacy Certificate Program

A free, 12-week fully online course where you'll learn transferable advocacy skills from CCL's expert staff, connect with other climate advocates around the world, and graduate with a certificate.

Activate your peers as a Campus Leader

Taking meaningful climate action is a team sport. You can become a campus leader and recruit your peers as you start a campus chapter or lead a climate campaign. We'll support you with personalized peer coaching.

Gain nonprofit work experience as a CCL Intern

As a growing organization, CCL is eager to train the next generation of nonprofit leaders. You can intern with CCL staff in a variety of different departments, from legislative to education and outreach.

Support critical climate work as a Fellow

As a CCL Fellow, you'll work closely with CCL staff on major program areas to drive our mission forward. These paid, year-long fellowships are competitive positions that will strengthen your leadership skills and your résumé.
